

ANCIENT
TORTUREHow it has Been Revived
in Modern Times.

An ancient method of poisoning criminals was to force them to swallow large quantities of bull's blood. Bull's blood is really no poison at all. Yet the prisoner usually died in agony. This was caused by the coagulation of the blood in the stomach. The pressure of this solid mass on the heart, lungs and other vital organs almost always resulted fatally. That's just like indigestion. If your food doesn't digest it remains in a hard lump in the stomach. Gases are formed, which crowd and sometimes actually displace other organs. Many cases of supposed heart disease are due to indigestion. The pressure upon the lungs interferes with breathing. A disordered stomach affects the whole body. By the use of such a preparation as Kodol Dyspepsia Cure all this trouble is removed. Before food can be assimilated into the system it must be reduced to proper condition by the digestive fluids. If any of these fluids are lacking, perfect digestion is impossible. Kodol Dyspepsia Cure supplies the missing fluids. Stomach troubles can't be cured by dieting. The system demands both a sufficiency and a variety of food. You can't get well or stay well without it. Kodol Dyspepsia Cure enables the stomach to take care of any kind of food. It renders dieting unnecessary. It digests what you eat. In this way it restores the stomach to perfect health. Kodol Dyspepsia Cure helps the children too. Weak and sickly little ones thrive on it. It never fails.

"During the last few years my stomach was in such condition that I couldn't retain the food I ate," writes Henry Williams of Boonville, Mo. "Two months ago I commenced taking Kodol Dyspepsia Cure. A few bottles have cured me entirely. I can now eat and enjoy anything I want."

Kodol Dyspepsia Cure
Cures all Stomach Troubles.Prepared only by E. C. DeWitt & Co., Chicago.
The 4 bottle contains 24 times the size.**ONE MINUTE Cough Cure**
Cures quickly. That's what it's made for.

A. J. PELLENS, DRUGGIST.

The fisherman, the sailor, the yachtsman and everybody, is liable to sudden attacks of disease.

Painkiller
(PERRY DAVIS)

Acts like magic for cholera, cramps, sudden colds, or chills from exposure.

Take no substitute. Price 25c. & 50c.

CITES EXAMPLES

Major Waller Claims Precedent For Summary Execution of Natives.

THOUGHT HE WAS RIGHT

Officer of Marines Gives Instances of Similar Treatment Accorded Arabs and Boxers.

He Declares It Is Impossible to Conceal Treachery of Natives of Samar.

Manila, April 12.—Major Littleton W. T. Waller of the marine corps, on trial by courtmartial charged with executing Samar natives without trial, addressed the court yesterday. The major said he was either right or wrong in his actions and asked that he be allowed to cite five precedents.

MAJOR LITTLETON W. T. WALLER.

which came under the head of his own case. He alluded to the naval battle at Santiago and the humanity he had shown to Spaniards who were captured and said he had many letters from Spaniards thanking him for the kindness he had shown them.

The major said that in 1892 he was with the British forces in Egypt, where Arabs captured pickets of Bengal cavalry, decapitated the prisoners and placed their heads on poles. Afterward all the Arabs who were caught were shot without trial. During the campaign in China the Chinese mutilated the dead and tortured the wounded to death. Consequently when a Boxer or a fanatic was captured he was executed immediately without reference. This was true in the case of the troops of every nation in China. It was true during the three weeks he commanded the Americans there. But the same thing occurred later, when he was no longer in command. No protest was made and he had every right to believe that his acts were approved, so far as the American forces were concerned. He knew they were approved by those of other nations.

"It is impossible to conceive such treachery as that of the natives of Samar," said the major. "They revel in blood and have an appetite for wanton sacrifice of the human body. These fiends stole Captain Cornell's class ring, filled the soldiers' bodies with jam and jelly, and attempted to murder my command. I shot them. I honestly thought then that I was right, and I believe so now. Neither my people nor the world will believe me to be a murderer."

Captain Arthur Marx, marine corps, representing Major Waller, in a forceful argument maintained that Waller's actions were justified by martial law, quoting numerous authorities on the subject. Captain Marx also said he regretted very much that the prosecution had seen fit to call General Smith. He claimed that all the testimony went to show that the major was justified. At the close of the arguments for the defense the general feeling was that the result of the trial will be the acquittal of the major.

WILL HAVE TO PROVE IT
A Manila Editors Held For Making Extreme Assertions.

Manila, April 12.—The press committee has had an interview with Acting Governor Wright with reference to the sedition law. Mr. Wright replied that the editor of Freedom, a local publication, who was recently arrested on the charge of sedition, had in the columns of that paper made persistent attacks on the United States commission and that he would now have to prove his assertions.

The editor of Freedom was charged with sedition in publishing a short time ago an article from an American periodical to which he agreed and added remarks of his own, censuring the United States commission's rule, and saying that when it started in July last every paper in Manila upheld it, since which time they had all dropped by the wayside, as they would not support arbitrary government, "especially when evidence of carpetbagging and rumors of 'graft' were too thick to be pleasant."

Riddled the Negro.
Natchitoches, La., April 12.—An unknown negro who shot and killed Deputy Sheriff J. B. Thomas near Victoria, La., was captured last night by a mob of 50 men and shot to pieces.

LONDON IS AGITATED

Sudden Call of Cabinet Meeting Starts Divers Rumors.

London, April 12.—In the house of commons at midnight last night A. J. Balfour, the government leader, replying to a question asked by Sir Henry Campbell-Bannerman, the Liberal leader, declared that the government had no information concerning the peace rumors and that there was no foundation for them. Mr. Balfour's denial was very emphatic. He said: "We have no information at all, nor in the nature of things, could there be any."

The sudden calling of a cabinet meeting and the fact that King Edward rather unexpectedly terminated his cruise in order to return to London, convinces people that something important is pending and has led to the most extraordinary rumors.

WARE IS THE MAN

Topeka Man Will Succeed Pension Commissioner Evans.

Washington, April 12.—Eugene F. Ware of Kansas has been selected by the president to succeed H. Clay Evans as commissioner of pensions. Mr. Ware is from Topeka, Kan., and is a member of the law firm of Glead, Ware & Glead.

He Wasn't Looking For It.
Topeka, Kan., April 12.—Eugene Ware was much surprised when he learned of his appointment to the position of pension commissioner. "I have not at any time made application for the place," he said, "and have not exerted myself to the extent of sending in a single letter of recommendation. The president mentioned it to me during my last visit to Washington while I was there helping Attorney General Giddard in the Colorado-Kansas irrigation case. I have not received any official notice of my appointment and until I receive it I will not say whether or not I will accept the place." Mr. Ware has met Mr. Roosevelt only three times, but the president knew him through his writings.

TRADE SITUATION

Reports to Bradstreet Point to Continued Increase.

New York, April 12.—Bradstreet's weekly review of trade today says: While cross-currents in trade and industry make it difficult to characterize the general trade situation the country over, appearances would indicate that the check given distributive trade by reactionary weather, crop uncertainties and additional friction in industrial circles is of a transitory character. Bank clearings, all things considered, are of large volume, railroad earnings, reports to Bradstreet's point to continued increases over the same period a year ago and especial activity is noted in leading manufacturing lines, principally iron and steel, lumber, cotton goods, coal mining, machinery making, and a host of lesser industries. Jobbing distribution at the central West and at leading Eastern centers notes a further quieting down, but in the spring wheat sections reports are of undiminished activity.

Important Battle Imminent.
Willemstad, Island of Curacao, April 12.—News has reached here that government troops to the number of 1,500 under the command of General Veltini, the minister of the interior, left Piritu, a small village on the seashore near Barcelona, capital of the state of Bermudez, to engage the revolutionaries under the command of General Monagas, who are encamped 15 miles from Piritu. A battle is expected between these forces. If it is won by the revolutionists the victory will be a signal for a general uprising.

An Unhappy Fox.
Columbus, O., April 12.—Harry Wilson, 13 years old, committed suicide at his home last night. The boy had been told that the trunk officer would arrest him, and when a stranger called at the house last night the boy, supposing that it was the officer, rushed upstairs and swallowed four ounces of carbolic acid.

Both Were Shot.
Ottawa, Kan., April 12.—As the result of a domestic quarrel long continued, George Gassage of this city was fatally cut in the neck by his wife yesterday and she was shot in the head and seriously wounded by her husband.

TERSE TELEGRAMS

Gen. Wade Hampton is dead at Columbia, S. C., aged 84 years.

Business failures in the United States for the week number 132, as against 174 last week.

All except the best of the horses belong to the American cavalry regiments in Cuba are being sold at auction.

The rioters at Ningbo, a city in the province of Che Kiang, dispersed on the arrival there of two German gunboats.

Gov. Odell of N. Y. has signed the bill appropriating \$100,000 for a statue of the late President McKinley in Buffalo.

Ulysses Simpson Grant Wells is under arrest at Quincy, Ill., charged with sending an infernal machine through the mails to a neighbor.

Senator Chas. McNary, of Depue and associates in the railroad business have acquired concessions in Mexico and are erect a large power plant near Toluca.

John Boyles, jealous, shot and killed his wife at McComb, O. Boyles claims his wife had the pistol, and in trying to get it away from her it went off. The man is in jail.

Two battalions of English and Scotch militia are to be embodied and sent to Ireland within a month, in pursuance of the British government's determination to apply the coercion act.

At the village of Morrice, Mich., workmen uncovered three human skeletons only eighteen inches below the surface. The skeletons were those of two men and a woman, and showed evidence of murder.

Thirty-five minutes after the drop fell hanging Henry Fletcher, colored, yesterday Sheriff Dickman at St. Louis received a telegram from Governor Dockery granting a respite of fifteen days and ordering the execution stayed.

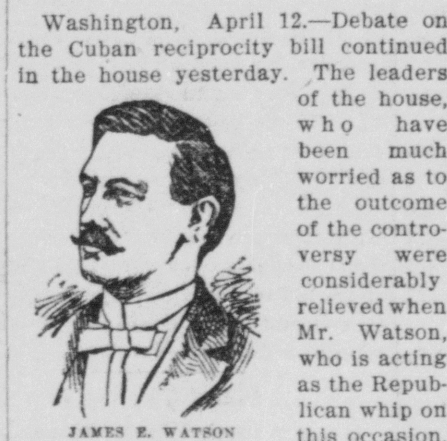

IT ALL DEPENDS

Question of Sustaining the Chair An Important One In the House.

MR. WATSON QUITE BUSY

Indiana Congressman Is Acting As the Republican Whip In the Cuban Reciprocity Matter.

He Says That the Chair Will Be Sustained When It Comes to a Showdown.

Washington, April 12.—Debate on the Cuban reciprocity bill continued in the house yesterday. The leaders of the house, who have been much worried as to the outcome of the controversy were considerably relieved when Mr. Watson, who is acting as the Republican whip on this occasion, informed them that after a careful canvass he was positive that when the attempt was made to overrule the chair in order to make way for an amendment to abolish the differential on refined sugar, the chair would be sustained.

On both sides it is conceded that the uncertainty regarding the fate of the bill hinges upon the question of overruling the chair. Despite Mr. Watson's canvass there are those among the opponents of the bill who still contend that they will win the victory.

A SENATE INCIDENT

Mr. Depew Draws the Fire of Southern Senators.

Washington, April 12.—Some remarks which Mr. Depew of New York made Thursday concerning the proposed amendment to the constitution providing for the election of senators by popular vote, in the course of which he adverted to Southern election methods, precipitated a lively three hours' debate in the senate yesterday. Mr. Money of Mississippi, to whose state reference had been made by the New York senator, replied tartly to some of the statements of Mr. Depew, and defended the suffrage clauses in the Mississippi constitution.

Mr. Depew made a warm reply and attacked the election methods not only of Mississippi but of several other Southern states. He intimated that if fair methods were employed in those states Republican senators would be here as their representatives. His remarks drew a sharp fire from several senators. Mr. Money and his colleague, Mr. McLaurin, explained Mississippi election methods and Mr. Stimmons of North Carolina pointed out that Mr. Depew had been entirely mistaken about the operation of the constitution of that state, and his statements were erroneous. Mr. Blackburn of Kentucky warmly arraigned the New York senator for his comments on Kentucky, defended what is known as the Goebel election law, and asserted that the New York senator was not informed as to the facts of Kentucky politics.

When the Chinese exclusion bill was taken up an agreement was reached that a vote should be taken on it next Wednesday at 1 o'clock. Mr. Teller of Colorado supported the measure in a brief speech, maintaining that it was necessary and that it was not in contravention of our treaty obligations with China.

Editors to Be Entertained.

Guthrie, O. T., April 12.—The National Editorial association, which meets in Hot Springs, Ark., next week, will make a tour of Oklahoma following the meeting in that city. Stops will be made at Shawnee, Oklahoma City, Guthrie and Ponca City. At the latter place a cowboy tournament has been prepared. At Guthrie a ball and banquet will be tendered the editors at night, and during the day previous, they will be given receptions in Oklahoma City and Shawnee.

Virginia Battle Denied.

Bristol, Tenn., April 12.—The reported battle in Scott county, Va., Thursday night between Jim Wright, wanted in Hancock county, Tenn., upon the charge of murder, and his associates and a sheriff's posse, in which five officers were killed and two wounded is authoritatively denied. A telephone message last night from Church Hill, near where the battle is said to have occurred, states that no such fight took place, although there had been a rumor to that effect.

Cleveland Tragedy.

Cleveland, O., April 12.—William Frank, a resident of Birmingham, Ala., was shot and killed yesterday afternoon by Charles Anderson, the divorced husband of the woman Frank married Thursday in this city.

Many Pardons Granted.

Havana, April 12.—An order granting partial pardon to all those who are undergoing life or shorter sentences has been published. The pardons vary from one-quarter to one-half of the penalties imposed.

CAPITAL NOTES

Interesting Bits of Gossip Concerning People and Things.

Indianapolis, April 12.—The monthly statistical reports of the state board of health, which were issued today, show there were 3,045 deaths in March, the annual rate being 14.2. In the corresponding month last year the number of deaths was 3,272, rate 15.3. Compared with February, the preceding month, there were 171 more deaths. Of this increase, 88, or almost 50 per cent, was of children under 15 years of age, and 20 per cent was of people over 65 years. The diseases which caused the increase in number of deaths in March over February were consumption, measles and puerperal fever. It was a singular coincidence that diphtheria and cerebro-spinal meningitis both caused respectively 26 and 21 deaths in February and in March. By certain ages the deaths were: Under 1, 455; from 1 to 5, 191; from 5 to 10, 76; 65 and over, 828. The deaths by important causes were: Tuberculosis 457, typhoid fever 39, diphtheria 26, scarlet fever 18, measles 22, whooping-cough 16, pneumonia 470, diarrhoeal diseases 9, cerebro-spinal meningitis 21, influenza 59, puerperal fever 21, cancer 82, violence 127, smallpox 2.

In February pneumonia caused 512 deaths and in March, 1901, it caused 603. There is, therefore, a decided improvement this month. The city deaths numbered 1,207, an annual rate of 16.6, and the country deaths numbered 1,838, a rate of 13. Only from one disease was the death rate higher in the country than in the city. This disease was influenza, the rates per 100,000 being: Cities, 26.1; country, 28.4. The violence death rates in 100,000 were: Cities, 94.9; country, 41.2. The five largest cities of the state show the following death rates: Indianapolis, 15.1; Evansville, 12.3; Fort Wayne, 16.7; South Bend, 17; Terre Haute, 25.1. The two deaths reported from smallpox during the month occurred one each in Montgomery and Shelby counties.

James K. Polk, the big Greenwood packer, was here last night. He is a busy man now, as in addition to conducting his great packing plant, he is engaged in building an electric line from Greenwood to Shelbyville. At Greenwood it will connect with the Indianapolis, Greenwood and Franklin line, which has been in operation for more than a year. The work on the Shelbyville extension has begun. Over a mile of track has already been laid. Shelbyville will have another interurban connection with Indianapolis in a short time, as another company is building a road paralleling the Big Four through Acton and Fairland. The company constructing this line has a machine that lays track a mile a day and a grader that will load a wagon with dirt in one second. It has created interest among railroad builders, and it promises to revolutionize the business. This year promises more interurban building in Indiana than ever before.

Henry W. Marshall of Lafayette was here last night. He looks as dapper as ever. His running for the speakership of the house so far does not seem to have disturbed him the least bit. Marshall is one of those quiet, easy-going politicians, who accomplish things without bluster. He is not saying much just yet about his chances for the speakership, but he thinks he is in position to win. There are many others, too, who think that Marshall looks like a winner. He will have a strong fight on his hands, however, as there are other candidates who are already beating the bushes for support. The contest will not open up for several weeks, but when it does it promises to be very warm.

One of the impressive features in contemplation for the vespers services to be held by the Union Veterans on the evening of May 15, concluding the monument dedication exercises, will be a program of appropriate airs sung out by the chimes of Christ church, near by. The chimes are now being put in perfect order, and it is expected that the feature will be one of the most notable of the occasion.

House Wrecked By Gas.

Daleville, Ind., April 12.—Calloway Pierce, 80 years old, was seriously burned in a natural gas explosion at his home yesterday. His house was wrecked. It caught fire, but neighbors put out the flames. Gas had collected in the kitchen from jets that had been turned on, and when he opened the door and struck a match a terrific explosion occurred. His hair and beard were singed off and the skin burned from one hand.

Deadly Kentucky Duel.

Hopkinsville, Ky., April 12.—James D. Brown, aged 55 years, a prominent North Christian planter, and William Pulley, his tenant, fought a pistol duel in the public road over a tobacco crop settlement. Brown was shot seven times and instantly killed. Pulley was shot through the shoulder. Pulley is under guard, being too badly wounded to be removed to jail.

Don't Like Machines.

Elwood, Ind., April 12.—A number of glass-blowing machines have arrived for use in the factory of the MacBeth-Evans Glass company. The employees do not take kindly to the machines. The works have been kept securely locked and guarded the past 10 days.

Martial Law Threatened.

Brussels, April 12.—The Belgium government has decided to proclaim martial law on Monday unless order is previously restored.

ROYAL
BAKING POWDER

Imparts that peculiar lightness, sweetness, and flavor noticed in the finest cake, short cake, biscuit, rolls, crusts, etc., which expert pastry cooks declare is unobtainable by the use of any other leavening agent.

Pure, healthful, highest in strength.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

NOW'S YOUR TIME

If You Want An Official Monument Badge Get Your Order In.

SUPPLY IS LIMITED

Handsome Authorized Souvenirs of the Coming Monument Dedication Have Been Designed.

These Badges Are Limited In Number and Will Not Be Given Away to Anyone.

Indianapolis, April 12.—Many inquiries are being received from persons throughout the state concerning the souvenir badges to be issued in connection with the monument dedication. Requests are also being made by individuals for reservation of badges. In order that the matter may be handled methodically the sub-committee on printing and badges, Cons. Oran Perry and Charles E. Wilson, have decided on a plan whereby all persons desiring these badges may have their wishes gratified by filing applications with Col. Perry, 827 Law building. All orders thus received by him will be duly entered and badges forwarded by post. Orders may be made at any time following this publication, but the badges will not be ready for delivery before May 10. Each badge will be packed in a neat box and may be had at the price of \$1, with 5 cents additional for postage. The supply is limited to 500 and only those who are prompt in making application can be assured of being served. A badge will not be given free to anyone. This official copyrighted souvenir badge is controlled exclusively by the executive committee.

BIG FISHING PARTY

Cedar Lake Being Cleared of Its Objectionable Tenants.

Cedar Lake, Ind., April 12.—The greatest fishing party Indiana probably ever knew is meeting with much success in the waters of Cedar Lake, where a force of men with the aid of steamers are clearing the lake of objectionable fish. Hundreds of big-mouth bass have been brought in. They had been in the deep water, where the temperature was more to their liking, and the seine dragged out many that were covered with moss. Five hundred of these bass weighed from one to six pounds each. All the difficulties that the fishermen first experienced have been overcome and operations are now moving smoothly. The men find the fish in deep water, seeking protection from the cold. The sun will cause them to come nearer to the shore in a day or two, and in two weeks the seining of the lake will be completed. The cost of the work is being met by people who live in the neighborhood of the lake. They say that Cedar lake will when they are through with it, be the finest fishing-ground in the country.

Crushed to Death.

Bedford, Ind., April 12.—William Arnold of Bloomington is dead from a terrible accident. He was caught between a train of cars on the Monon as it was going through the railroad yards, and was rolled about 20 feet through a space of six inches, between the cars and a shed. A number of ribs were broken and he was badly injured internally. Arnold was unloading stone at the time of the accident. Two men have not death at this same shed, one being a brakeman.

Combination Couldn't Work.

Muncie, Ind., April 12.—The combination of local meat dealers, formed to put up the price of meats, has been broken because two or three dealers who refused to go into the combination secured almost all of the trade in the city. One dealer who refused to join the combine has been reaping a harvest since it was formed. A part of the time his market has been so crowded that all the customers could not get in his store, but lined up in front and took their turns to get in.

DELIBERATE MURDER

Prof. Miller Confesses to the Slaying of Miss Jennett.

Detroit, April 12.—After 24 hours spent in the Grand River avenue police station, Prof. George M. Miller broke down yesterday and confessed that he murdered Miss Carrie M. Jennett, one of his former pupils, last Wednesday night, with the small hatchet which was found in his kitchen with blood-stains upon it. A warrant was at once issued for him in the police court, where he waived an examination and was committed to jail without bail.

His confession is an awful story of impending disgrace and finally murder as a means of averting it. He admitted that there had been illicit relations between Miss Jennett and himself for the past two years, and said it was the result of these relations that led him to kill her. The girl was in a delicate condition. She refused to go to a lying-in hospital as he wished her to, and demanded that he abandon his family and leave the city with her. Wednesday night they met to discuss her trouble and decide on some action. Miller says that Wednesday afternoon he decided to kill her if she refused to do as he wished, and he therefore carried a small hatchet with him to their rendezvous.

They met and walked out Thirteenth street, talking it over, and finally sat down on the sidewalk. Miss Jennett renewed her demands that Miller leave the city with her. He says he told her that it was impossible, but she still insisted. "By that time I was pretty near crazy," he said, "the impulse seized me and while she was still talking I reached into my overcoat pocket, drew out the hatchet and struck her."

Jones Had Made Threats

Lincoln, Neb., April 12.—Charles Rymer, a suburban farm hand, who accompanied William Jones to Detroit from Lincoln and was his partner there, told the police last evening that Jones had threatened in his presence to kill George H. Heywood. "He told me just before I left Detroit," said Rymer, "not to be surprised if I heard Heywood had been pushed into the river." Rymer's recital to the police, which was sensational throughout, implicated a woman in the alleged conspiracy with Jones against Heywood. Rymer's record in Lincoln is good.

Scarcity of Meat.

Birmingham, Eng., April 12.—The scarcity of American meat and the consequent increase in the price have obliged many retailers here to close their stores.

ON FIRE.

An exploding lamp; the clothing in a blaze; a paragraph in the paper telling of horrible suffering from burns. Tragedy in this form moves a man to tears. But for women who are daily being consumed by the smouldering fire of disease there is little sympathy.

Inflammation, with its fierce burning; ulceration, eating into the tissues; the nervous system almost shattered by suffering; these are only part of the daily agonies borne by many a woman.

Dr. Pierce's Favorite Prescription puts out the fire of inflammation, heals ulceration, and cures female weakness. It tranquilizes the nerves, restores the appetite, and gives refreshing sleep. "Favorite Prescription" is the most reliable put-up medicine offered as a cure for diseases peculiar to women. It always helps. It almost always cures.

"When I first commenced using Dr. Pierce's medicines," writes Mrs. George A. Strong, of Grainesville, Saratoga Co., N. Y., "I was suffering from female weakness, a disagreeable drain, bearing-down pains, weak and tired feeling all the time. I dragged around in that way for two years, and I began taking your medicine. After taking first bottle I began to feel better. I took four bottles of Dr. Pierce's Favorite Prescription, two of 'Golden Medical Discovery,' one vial of the 'Pleasant Pellets,' also used one bottle of Dr. Sage's Catarrh Remedy. Now I feel like a new person. I can't thank you enough for your kind advice and the good your medicine has done me."

Dr. Pierce's Common Sense Medical Adviser, paper bound, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Bull's COUGH SYRUP

Cures Hacking Coughs, Sore Throats, Pneumonia and Bronchitis in a few days. Why then risk Consumption, a slow, sure death? Take warning! Act at once! Get Dr. Bull's Cough Syrup, a real doctor's prescription. Price, 25 cents. Don't be imposed upon. Refuse the dealer's substitute; it is not as good as Dr. Bull's. Use Salivation Oil for Rheumatism, Aches and Pains. Price, 15 & 25 cts.

DAILY.
One Year.....\$3.00
Six Months.....2.50
Three Months.....1.25
One Month......45

WEEKLY.
One Year in Advance.....\$1.00

Entered at the Seymour, Indiana Postoffice as Second-class Matter.

SATURDAY, APRIL 12, 1902.

REPUBLICAN CITY TICKET.

For Mayor
ALFRED W. MILLS.
For Treasurer
THOMAS J. CLARK.
For Clerk
FRED EVERBACK.
For Judge
ABSAHOM H. HOOVER.
For Marshal
ABRAHAM THICKSTEN.
For Councilmen.
2nd ward—
EDWARD L. HANCOCK
ALBERT D. ELDRIDGE.
4th ward—
HENRY P. MILLER
DANIEL M. HOSKINS
5th ward—
EDWIN E. DOANE
THOMAS M. STEWART.

ANDREW CARNEGIE has increased his donation to the Bedford public library \$5,000, making his gift to that city \$20,000.

LIVE stock went to an unusually high price at Indianapolis Friday. Cattle sold as high as \$7 a hundred and hogs went up to \$7.20. This is an unusually high price, especially at this season of the year.

WITHIN the last few days the wages of 75,000 men employed in New England mills have been given a healthy boost. This is part of the fruitage of republican prosperity and a republican protective tariff.

SAN FRANCISCO's mayor has planted in a public square of that city a young elm from Canton, Ohio, as a memorial to the late President McKinley. Trees are a form of monument that deserve more attention in this country.

EUGENE F. WARE, of Topeka, Kansas, has been appointed pension commissioner to succeed H. Clay Evans, who was appointed at the beginning of the late President McKinley's first term. Mr. Ware is a lawyer and a veteran of the civil war.

IN the death of Wade Hampton South Carolina loses one of her ablest and most distinguished men and leaders. There is a decided difference between him and Tillman, and the difference is all in favor of Hampton.

DOWN in the second district the friends of Bob Meirs are kicking up as big a fuss as possible hoping by that means to land the nomination even yet for Meirs. The latest trouble is in Sullivan, the home of Charles Wellman who is one of the leading candidates against Meirs. Since that convention Wellman is feeling blue, mighty blue, but his opponents are feeling better.

THAT business in Seymour is on the up grade again is evident to almost everyone. The man who starts out to find a desirable house to rent has great difficulty in finding a location. When the new furniture factory is started this condition will be more sharply felt, and a vacant house in Seymour will again be a rarity. The prospect for a fine crop this season is making everyone feel better and is adding its impetus to local business.

THOS. WHITSON, township assessor, and his deputies are getting along very nicely in the work of listing the property for taxation in Seymour and Jackson township. They realize the importance of their work and are endeavoring to do it well. Mr. Whitson is giving the work very close personal attention and his deputies are following his instructions faithfully. The taxpayers, as well as the officers, have some responsibility in the matter of giving in their property correctly.

CASTORIA.
The Kind You Have Always Bought
Bears the Signature of *Chas. H. Fletcher*

DEMOCRATIC WINNERS.

The County Ticket as Named on Friday.

The democracy of Jackson county is done with primaries for a while. The county ticket has been named and the successful candidates are feeling mighty gay. And no one can blame them for feeling good, even if half the democrats of the county were so little interested in their welfare that they did not trouble themselves to go to the polls.

There were only two contests, Bruning and Isaacs for recorder, and Hackman and Downing for commissioner first district. Bruning and Hackman are the winners. This was the second race Mack Isaacs has made for recorder and therefore it was his second defeat. He is probably not feeling as good today as Henry Bruning. Hackman came out as a candidate earlier than Downing and apparently had some advantage from the start. One feature of the ticket that is coming in for more or less comment is that it contains the names of two men who were nominated and elected on the fusion ticket in 1898.

The total vote in the county where there were contests was as follows:
Bruning.....1099
Isaacs.....773
Bruning's majority.....326
Hackman.....974
Downing.....847
Hackman's majority.....127
Following is the ticket:
Representative—Jonathan Robertson.
Treasurer—Wm. M. Isaacs.
Recorder—Henry F. Bruning.
Sheriff—John L. Ford.
Coroner—Dr. H. E. Yost.
Surveyor—G. A. Robertson, jr.
Commissioner 1st district—H. F. Wm. Hackman.
Commissioner 2nd district, regular term—Samuel Carr.
Commissioner 3rd district, short term—Newton Dods.

In Memoriam of Dr. N. D. Gaddy.

One long year has passed since he went away! One year since the rolling, restless tide bore him away from his loved ones' side. One year, since he reached that echoes shore where the voyagers go who return no more. How the shadows fell when he went away! How they deepen still in our home today. Where his kindly voice, and his vanished face may brighten no more each familiar place! Where the children wait for "Papa" in vain And long for his step, and echo his name. While the mother looks thro' her blinding tears Down thro' the desolate, on coming years. And feels that their brightness and bloom have fled. With the lost one entombed with the silent dead. But we shall meet in that home over there, Mid its fragrant flowers and balmy air; We shall dwell together, no more to part. In that radiant realm, the home of the heart.
MRS. N. D. GADDY.
Seymour, Ind.

Laying Foundations.

The first few advertisements may not bring many inquiries; but, like the foundations of a building, they are fulfilling their purpose, even if they don't make much of a showing. Keep right on building, and you will have an edifice of more or less value, according to the building done. Keep right on advertising. Don't be discouraged because the foundations don't show up very much compared with what you expect the ultimate result to be. If the advertising is done well and in the right medium, you are just as sure of having a well built business as the builder is sure of having his house completed when the necessary expense and work are put into it.—Electrical World and Engineer.

Wade Hampton Dead.

Columbia, S. C., April 12.—General Wade Hampton died yesterday. His death resulted from a general breakdown. General Hampton celebrated his 84th birthday last week. General Hampton's death brings to an end a widespread movement in South Carolina to send him back to the senate as a successor to either McLaurin or Tillman.

Sheep—Steady at \$2.50 to \$2.75.
Lamb—Steady at \$2.50 to \$2.75.

Regarding Transient Merchants.

The Supreme Court Friday reversed a decision of the lower court in which a clear meaning of the transient merchant law was shown. The case was that of Charles Carpenter, who was arrested in Huntington last summer. Carpenter opened a store in Huntington for the purpose of selling peaches during the weeks they were being gathered. He was arrested on a charge of engaging in business as a transient merchant without having paid a license. The license would have cost \$15. The trial court decided that the law as passed by the last Legislature meant that the penalty could only be inflicted where the defendant undertook to hold a "bankrupt sale," or "fire sale," or to engage in some other enterprise of a similar nature, and that a person who merely took a store room for a short time to operate a legitimate business did not come within the law. The affidavit against Carpenter was then quashed. The higher court, in giving its decision of the case held that the law defines a "transient merchant" to include "all persons, individuals, co-partners and corporations, both of principals or agents, who engage in any temporary or transient business in this State, either in one locality, or in traveling from one place to another selling goods and merchandise, and who for the purpose of carrying on such business, hire, lease or occupy any building or structure for the exhibition of a sale thereof." Judge Gillet, in giving the decision of the court said it was evidently the purpose of the act to punish any person of this description who shall do business without a license.—Journal.

A Black Cat Story.

A recent special from Goshen, New York, tells the following tale: "Near this village at the Howell creamery is an artesian well 268 feet deep which workmen were repairing yesterday. Superintendent F. C. Thompson and bookkeeper William R. Terhune entered the pump house to look at the work, when the black and white office cat followed them and chased a dead leaf into the eight-inch hole. Mr. Thompson looking at his watch at that moment saw that it was 10:57. "Two and a quarter miles away Wilmot T. Makuen, a farmer, stood on the banks of Big spring on his farm. By a strange coincidence Makuen had looked at his watch and saw that it was 11:12. He was replacing the timepiece when up from the center of the spring bobbed a white cat which, caught in the swirling waters, was whirled violently about and then struck out for the shore. Makuen rescued it and took it home. This morning the cat, frisky as ever, sat on the doorstep at the Howell creamery. "Its fur was white as snow, but a pink ribbon on its neck served to identify it. This story was not at first believed until reputable citizens had investigated it. "The town of Goshen, threatened with a water famine, had talked of buying this Big spring. They will not buy it now, as the cat's trip shows that the Howell well, will when at work, control the supply in the subterranean river."

A Valuable Medicine.

FOR COUGHS AND COLDS IN CHILDREN. "I have not the slightest hesitancy in recommending Chamberlain's Cough Remedy to all who are suffering from coughs or colds," says Chas. M. Cramer, Esq., a well known watch maker, of Colombo, Ceylon. "It has been some two years since the City Dispensary first called my attention to this valuable medicine and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest colds. It is especially effective for children and seldom takes more than one bottle to cure them of hoarseness. I have persuaded many to try this valuable medicine, and they are all as well pleased as myself over the results." For sale by C. W. Milhous.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, price 75c per bottle. Hall's Family Pills are the best.

Remember before you purchase tickets consult Southern Indiana Railway ticket agents. "No trouble to answer questions." H. H. Roseman, G.P. A.

THOMAS CLOTHING CO.

A WORLD WIDE VICTORY.

The recent victories of the house of Baldwin at the Paris Exposition give to its products a value and prestige not possessed by any other American piano. The grand Prix awarded the Baldwin Piano is an honor coveted by all the manufacturers of the world, but which has never been bestowed upon any American piano except the Baldwin. The Silver Medal awarded the Hamilton pianos and organs shows the estimate of the International Jury of these Standard Instruments. The fifteen other awards (gold, silver and bronze medals, and honorable mentions), serve to emphasize the Great one, and show the high value placed upon the details of construction and the inventions embodied in these instruments.

E. M. YOUNG, Representative, 124 S. Chestnut St. Seymour.

20th Century Band Concert.

The concert given last night by the Twentieth Century Band, in the hall of the German Lutheran school, was certainly a success and was a good entertainment throughout. The vocal and instrumental music was fine, and "The Little German Band" certainly brought down the house. The band was organized a little over a year ago and is composed of nineteen members. They are getting along beyond their highest expectations, and their organization should be highly appreciated by our people.

B. Y. P. U. Social.

The B. Y. P. U. will give a social at the Baptist church next Thursday evening. Some thirty socks are being sent out with the request that they be returned with pennies equal to twice the size worn by the recipient. An effort has been made to send to every member of the church but all are invited to attend whether members of the church or not, and whether an invitation has been received or not. Several features of interest will make up the evening's program.

The Democratic Sun.

The first issue of the Seymour Democratic Sun, J. Newt. Gibson, editor and publisher, is on our table and is quite a creditable issue. We bid the Sun welcome and trust that it and its publisher may receive their full share of republican prosperity that so richly abounds throughout the country.

Shields & DeGolyer have their tools loaded and ready for shipment to Fountain county where they have a gravel road contract.

William Baker, who was found guilty of the charge of drunkenness and fined by Judge Hoover, was taken to Brownstown last evening by Marshal Thickett.

Instruct your druggist to send you the genuine Rocky Mountain Tea made by Madison Medicine Co. If he says he has got something just as good, tell him to keep it. See! Ask your druggist.

Oscar F. Avery, of Logansport, state deputy of the Modern Woodman was in town today. He says that the M. W. A. is growing rapidly in Indiana.

Edward Ogle, of Bethany, was here today and made the REPUBLICAN a pleasant call. He had been out to James Marsh's, he being a son-in-law of Mr. Marsh.

The Epworth League social at the Methodist church last evening was quite successful and was greatly enjoyed by the large crowd present.

Better Than Pills.

The question has been asked, "In what way are Chamberlain's Stomach & Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more mild and gentle in effect and more reliable as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. For sale by C. W. Milhous.

Germany furnishes more than one-fourth of the foreign-born immigration to this country, 25.8 per cent. and England follows with 8.1 per cent.

Gen. MacArthur says that the Philippine archipelago are the finest group of islands in the world—that they are not only of supreme commercial importance, but essential to American interests.

RAILROAD RUMBLINGS.

On May 1 the Southern Indiana will become a member of the Indiana Car Service Association.

The Southern Indiana increased its March receipts \$12,548 over the corresponding month last year.

J. T. Attig, who commenced railroad work in 1851 on the Pennsylvania under Andrew Carnegie, in addition to his pension from the Pennsylvania, will receive from Mr. Carnegie \$20 a month during his life.

The "Book of the Royal Blue," published by the Baltimore & Ohio for April, contains an article on the "Parks of Baltimore" and much interesting matter regarding the meeting of the G. A. R. at Washington this year.

The telegraph operators on the B. & O. S. W. are undergoing their annual examinations at the shops at Washington. The examinations are on the book of rules and telegraphy and are conducted by Chief Day Dispatcher Owens or Night Chief Stevens.

Dog Tax Fund.

The surplus dog fund of the county annually amounts to a large sum. The trustees of the several townships make settlement with the treasurer yearly, and all money thus collected is paid over, except the sum of \$100, which each trustee is allowed to keep as contingent fund from which to draw at the beginning of the year. The balance goes into the school funds. The amount is raised by taxation on dogs, and no small amount of it is paid to individuals for damages sustained by the ravages of dogs on fowls, sheep and other animals. The surplus, if any, is put into the school fund.

Must Keep It Up.

An advertising agent has taken the trouble to compile a list of men who achieve a world-wide publicity by advertising, but whose names and enterprises are no longer advertised. The conclusion enforced by the list is that "to succeed in business one must advertise: when he ceases to advertise people forget him, and his business dwindles and dies."

Germany furnishes more than one-fourth of the foreign-born immigration to this country, 25.8 per cent. and England follows with 8.1 per cent.

Gen. MacArthur says that the Philippine archipelago are the finest group of islands in the world—that they are not only of supreme commercial importance, but essential to American interests.

DEWEY'S FLAGSHIP OLYMPIA—CAPTAIN GRIDLEY, COMMANDER.

Mrs. Gridley, mother of Captain Gridley, who was in command of Dewey's flagship, at the destruction of the Spanish fleet at Manila, says of our remedy, Peruna:

"At the solicitation of a friend I used Peruna, and can truthfully say it is a grand tonic and is a woman's friend, and should be used in every household. After using it for a short period I feel like a new person."—MRS. GRIDLEY.

Mrs. Longstreet is the wife of the famous Confederate General, Lieutenant-General James Longstreet, the only living ex-Confederate officer of that rank. She writes as follows to The Peruna Medicine Co.:

"I can recommend your excellent remedy, Peruna, as one of the best tonics, and for those who need a good, substantial remedy, I know of nothing better. Besides being a good tonic it is an effective cure for catarrh."—Mrs. James Longstreet.

Hon. Lucius E. Gridley, brother of Captain Gridley, also speaks a good word for Peruna. In a letter written from 1511 T Street, Washington, D. C., he says:

The Peruna Medicine Co., Columbus, O. Gentlemen—"Your Peruna has been thoroughly tested in my family. My mother and wife used it with the very best results, and I take pleasure in recommending it to all who want a good, substantial remedy, both as a tonic and a catarrh cure."—Lucius E. Gridley.

Miss Mary J. Kennedy, manager of the Armour & Co's exhibit, Trans-Mississippi Exposition, Omaha, Neb., writes the following in regard to Peruna, from 842 West Sixty-second street, Chicago, Ill.:

"I found the continual change of diet incidental to eight years' traveling completely upset my digestive system. On consulting several physicians they decided I suffered with catarrh of the stomach."

"Their prescriptions did not seem to help me any, so, reading of the remarkable cures effected by the use of Peruna, I decided to try it, and soon found myself well repaid."

"I have now used it for about three months and feel completely rejuvenated. I believe I am perfectly cured, and do not hesitate to give unstinted praise to your remedy, Peruna."—Mary J. Kennedy.

Congressman Geo. W. Smith of Murphysboro, Ill., writes:

"I take pleasure in testifying to the merits of Peruna. I have taken one bottle for my catarrh and I feel very much benefited. To those who are afflicted with catarrh and in need of a good tonic I take pleasure in recommending Peruna."—Geo. W. Smith.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

WALL PAPER

Window Shades and Mouldings
HOUSE and SIGN PAINTING

We sell Noxall's Ready Mixed Paints, the Best on the Market. Every can guaranteed. We are Practical Plain and Decorative Paper Hangers and Painters.

We do our own work, therefore we can do your work cheaper.

DEHAVEN & HUNTERMAN,

OPERA HOUSE BLOCK.

"KEEP YOUR EYES OPEN."

For you can't see if you don't," remarked a child the other day. Some people can't see anyway because they have not had their eyes properly attended to. Give us a trial at testing your eyes and fitting glasses and we guarantee that you WILL see.

REPAIRS On all kinds of jewelry, clocks, watches, rings, bracelets, etc., promptly and carefully made by our experienced workman, Mr. Jackson. Prices are right on all our goods and work. Call and see our goods.

JACKSON & TINDER, Jewelers.

ONE THOUSAND DOLLARS

The ability to write a good business hand, with ease and rapidity, is worth easily a Thousand dollars to any young man or woman. Without a good hand writing, you cannot hope to secure a good business position.

Writing is Not a natural gift; anyone can acquire a good business hand. The Method of teaching and the Teacher behind the method largely determine the success of the learner. Of course no one can learn the art under a poor teacher. The undersigned is one of the best practical penmen in America. He has had extensive business experience, hence he knows exactly what is demanded by business men and how to teach it.

It will pay you to be under his instruction. Make your arrangements to attend the fourth annual summer session of Schwartz School, for a term of ten weeks, June, July and August, 1902, at

SEYMOUR, INDIANA.

Day and evening sessions, Bookkeeping Shorthand and all other Commercial Branches taught

Very Low Rates!

Teachers of Penmanship are in great demand.

Public school teachers can easily become professional penmen.

FOWLER'S HORSE SHOEING SHOP

ON THIRD STREET BETWEEN CHESTNUT AND WALNUT SEYMOUR, INDIAN.

I have employed Peter Shuman, the best mechanic in his line in the state to assist me in my new shop. We are prepared to do scientific and practical work of all kinds. Our stock of machine shoes includes every variety and our steel for hand made shoes is the very best. We can shoe your horse to prevent stumbling, forging, scalping and interfering of every kind.

PRICES:

Machine shoes, all around \$1.00

Hand-made, steel plates, 2.00

FRANK FOWLER.

You Might Trim Your Walls With Flowers.

—Real violets, roses, lilies of the valley—almost any blossoms—and they won't be a bit prettier than the wall paper we have. Besides it would cost more, and be lots of trouble. We will put any paper you select on any room in your house and we will make no mess or bother. Papering has come to be such a science nowadays, and paper is so cheap, that people don't wait until spring cleaning. They change the paper on their walls. Whenever they get tired of it, or it is the least soiled.

We're at your disposal at anytime, go anywhere, and do all kinds of work from the cheapest to finest.

Miller's Book Store, 22 W. SECOND STREET

TO MARK THE DAY

Something from this charming assortment of exquisite

EASTERN JEWELRY

should be worn.

The opening of the spring season finds us ready with a very pleasing collection of Jewelry Toilet Articles and Fancy Goods.

All of these things are so attractive that the impulse to buy a great many will come to all who see. Prices will permit of liberal purchases.

PERSONAL.

Mrs. John Bender is visiting at Washington.

Bruce Davis, of Redding township, went to Brownstown today.

Rev. J. M. Baxter went to Sellersburg today to conduct quarterly meeting.

James H. Pence, of Decatur county, is here the guest of friends and relatives.

Mrs. Sarah Stuart, of Vienna, came here this morning to visit relatives and friends.

Mrs. Henry Jones is spending a few days in Seymour, visiting Mrs. Gowens. —Columbus Republican.

Mrs. W. G. Reynolds and daughter Lois went to Shoals today to visit Mrs. Reynolds' mother.

Gus Hotchkiss, of Driftwood township, is still very low of lung trouble. He is about 80 years old.

Mrs. H. A. Burrell and daughter, Miss Catherine, returned to their home at Brownstown from Indianapolis last evening.

Albert Weinland, brother of Mrs. Jay C. Smith, was here today on his way home to Hope from West Baden where he has been at work on the new hotel.

Crysanthemum Growing for Profit.

The crysanthemum ranks third as a commercial flower, following the rose and carnation preceding in the order named. It possesses this advantage, however, that while first-class roses and carnations, long stemmed and luxuriant, can be grown only with greenhouse facilities, the crysanthemum under ordinary conditions, with properly directed and systematic culture, yields a profusion and perfection of bloom that can be surpassed only by the efforts of the expert professional. The May Delineator makes an interesting reference to the commercial value of this flower and indicates the method by which it is best propagated.

Good for Rheumatism.

Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this Remedy I was much better, and after using one bottle, was completely cured.—SALLIE HARRIS, Salem, N. Y. For sale by C. W. Milhous.

A Bachelor's House Keeper.

Tonight the Akerstrom Comedy Company will present "A Bachelor's Housekeeper" at the opera house. The performance last night and the one the night before insured another clever entertainment tonight. There is no question about the cleverness of the members of this company. They are entertaining their crowds remarkably well. They should have a crowded house tonight. Popular prices, 10, 20, and 30 cents.

DIED.

STAFFORD—Mrs. Emma A. Stafford died at Indianapolis Thursday afternoon at 1:30 o'clock, aged 44 years. She was a daughter of Mrs. Nancy Ramey and a cousin to George and Ed Hancock. She had been sick less than a week. She leaves a husband and five children. The funeral will be held at Indianapolis Sunday morning at 10:30 o'clock.

Meeting of Presbytery.

The New Albany Presbytery covering the counties of Floyd, Harrison, Washington, Orange, Lawrence, Crawford, Perry, Switzerland, Clark, Jennings, Scott, Jefferson and Jackson, will hold sessions at Bedford, April 14, 15 and 16. The retiring moderator, Rev. Charles Christensen, will preach the opening sermon. This is one of the oldest Presbyteries in Indiana.

William Howard, of Jennings county, brought a load of wheat to the Blush Mill Friday.

The school law requires that the enumeration of all unmarried persons between the ages of six and twenty-one years shall be taken between the tenth and thirteenth of April each year. Those persons who are not enumerated or transferred, and those who have no legal residence in the school corporation, must pay tuition.

Crawfordsville has the distinction of having a female rural route mail carrier, one of a few in the whole country and the third woman in Indiana to take up that kind of work. Her name is Miss Lottie McCain. Miss Lottie is a pretty brunette of twenty-one summers, a graduate of the Ladoga high school. Having been raised on a farm she understands horses and drives fearlessly in all kinds of weather.

Reports of crop conditions in Southern Indiana, that were sent out earlier in the year, were that ice and sleet had ruined the wheat, but in the southern tier of counties wheat never looked better at this time of the year. The outlook for a hay crop is bright. Oats sowing is in progress, and a large acreage will be planted. Orchards were badly damaged during the winter, especially in the lowlands, the peach trees being the most injured. But the fruit growers in the knobs report an encouraging outlook.

HEAT AND DISEASE.

THE SUN'S RAYS ARE FATAL TO MANY SPECIES OF GERMS.

As a Disinfectant Sunlight is the Greatest Agent in Nature—Temperatures at Which Disease Germs Are Destroyed.

Sunlight is fatal to some of the lower forms of living things, including certain disease germs which are the cause of some of the most fatal infectious diseases that afflict the human race. In fact, the greatest disinfectant in nature is light, or, to be more exact, the radiations of the sun, including heat rays, light rays and the invisible rays at the violet end of the solar spectrum.

An infectious disease is one which may be contracted by the introduction into the living body of living disease germs, which may be contained in different kinds of infectious material. Thus the disease germ (bacillus) which produces diphtheria is contained in the "exudate" or "false membrane" deposited in the throat or nasal passages of those suffering from this disease, and the material coughed up by a patient with diphtheria is infectious material. In cholera and in typhoid fever the discharges from the bowels contain the germ and are consequently infectious material.

Now, the object of disinfection is to prevent the extension of infectious diseases by destroying the specific infectious agents—germs—which give rise to them; and this is accomplished by the use of disinfectants. Having, as I hope, made this clear.

Any chemical agent which destroys or masks bad odors is commonly spoken of as a disinfectant, and there are a large number of so called "disinfectants" in the market which are simply deodorants and which are entirely untrustworthy for the destruction of infectious material—that is, material containing living disease germs.

These disease germs belong to the class of low vegetable organisms—microscopic plants—known as bacteria, which as a rule thrive better in the darkness than when exposed to daylight, and some of them are quickly destroyed by exposure to direct sunlight. In experiments made by me in 1893 it was demonstrated that the cholera bacillus is infallibly killed by exposure to direct sunlight for an hour or two, and the distinguished German bacteriologist, Dr. Robert Koch, has shown that the bacillus of consumption—tubercle bacillus—is destroyed by similar exposure in a time varying from a few minutes to several hours, depending upon the thickness of the layer of material in which it is imbedded.

As a result of this it is evident that the material coughed up by patients with consumption and containing tubercle bacilli in vast numbers is far less dangerous to the community in regions where the patient can live out of doors and where the sun shines nearly every day in the year.

Some disease germs which are not killed outright by exposure to the sun's rays are greatly restrained in their development. This is true of the bacillus of typhoid fever. Although it has been shown by carefully conducted experiments that certain disease germs are promptly destroyed by the luminous radiations from the sun, and especially by those at the violet end of the solar spectrum, it is also true that the heat rays play an important part in the destruction of harmful bacteria.

This is partly due to the fact that certain disease germs are quickly destroyed by being deprived of all moisture—by desiccation. Thus the germs of cholera and of pneumonia quickly perish when completely dried.

Other germs, however, as those of typhoid fever, of diphtheria and of consumption, may retain their vitality in a dried condition for several months. But the germs of all these diseases are destroyed by a comparatively low temperature. In experiments which I made several years ago I ascertained that the germs of pneumonia and of cholera were killed by exposure for a few minutes to a temperature of 128 degrees F.

A still lower temperature is effective if the time of exposure is prolonged. It is therefore evident that prolonged exposure to the direct rays of the sun would destroy these germs independently of the disinfecting power or germicidal action of the luminous rays or the fatal results of desiccation.

Other disease germs require a higher temperature for their destruction. The typhoid bacillus and the bacillus of diphtheria are killed by exposure to a temperature of 140 degrees F. for ten minutes. In general, it may be stated that this temperature is fatal to all the most important disease germs.

The facts stated furnish a scientific basis for practical disinfection, and it is evident that when sunshine is available no chemical agents are essential for the destruction of disease germs. Any article of food or drink which has been heated for a few minutes to something near the boiling point of water is absolutely safe, so far as any danger from disease germs is concerned, and any article of clothing which has been put through the ordinary operations of the laundry is as safe as if it had been placed for an hour in an expensive steam disinfectant or immersed in a strong disinfecting solution.

It will be seen that scientific investigations fully justify the practice of good housewives, who at frequent intervals expose their blankets and articles of woolen clothing, which cannot be placed in boiling water without injury, to a prolonged sun bath, who scald out milk pans and kitchen utensils and place them in the sun to dry and who open up their sleeping apartments for the admission of sunlight and fresh air.—Surgeon General Sternberg in Youth's Companion.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of *Wm. D. Little*

SECRETARY GLEASON

Of The Woman's Catholic Order of Forrester, Chicago,

St. Francis Xavier Court No. 174, Endorses Lydia E. Pinkham's Vegetable Compound.

Some women are tireless in their home work, others in their work in the church or their favorite society or club; they laugh and sing and are happy. But think of the poor one who is left at home, utterly unable to make any effort whatever, broken hearted and despondent.

The horror of female complaints is upon her; she is oppressed by that distressing bearing-down feeling, backache, her nerves are all gone, don't care to move and wants only to be left alone.

O, dear sister, don't you know by this time that Lydia E. Pinkham's Vegetable Compound will surely reach the cause of all this trouble and make you well and strong! It certainly will cure you as certainly as the sun shines. Read what Mrs. Gleason says:

MRS. M. GLEASON, Chicago, Ill.

"I want every woman to know that Lydia E. Pinkham's Vegetable Compound has been of untold value to a large number of women of our order. I know positively that it has cured many of the most distressing diseases of the pelvic organs, falling of the womb, ovarian troubles, and painful menstruation. There is no question in the world but that it is superior to any medicine for women. I have used it myself and know whereof I speak. — Yours truly, MRS. M. GLEASON, 554 West Taylor St., Chicago."

Two More Sufferers Cured.

"DEAR MRS. PINKHAM:—I was sick with female weakness. I took all kinds of medicines, you might say, and was operated on by doctors, but they did me no good. After taking five bottles of Lydia E. Pinkham's Vegetable Compound I found relief and am now enjoying good health. Since taking your medicine I have become the mother of a little boy. I will praise your medicine as long as I live."—MRS. SARAH E. REEDER, Amherst, Ohio. (Dec. 27, 1900.)

"DEAR MRS. PINKHAM:—I suffered daily from backache and stomach ache. Menstruation was suppressed for six months, and then appeared again, but very painful and irregular. Instead of consulting a doctor I thought I would try Lydia E. Pinkham's Vegetable Compound. I now feel as well and strong as ever I did, and since taking it I have given birth to a little boy, and we do bless your medicine. I will advise all sick women to use it."—MRS. INA PETERSON, Box 93, Amherst, Mich. (March 1, 1901.)

Mountains of gold could not purchase such testimony as we are constantly publishing: only the unquestionable merit of Mrs. Pinkham's great medicine can accomplish so much. Write to Mrs. Pinkham, at Lynn, Mass. if you are ill. The efficiency of her advice is proven by thousands of letters from women who have been cured of female troubles by her guidance and medicine.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published without obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

A REVELATION.

When One Goes for Months Without Getting a Good Night's Sleep Release is Sweet.

Take away sound refreshing sleep and you rob nature of its most necessary requirement. Feeding and building up time, that's why so many people find their standard of strength waning when they cannot sleep well. One symptom after another creeps in and serious ailments follow, that is what makes so many feel and look older than they are. The perfecting of Dr. A. W. Chase's Nerve Pills is a revelation to this kind. Mrs. J. A. Russell of 19 East 2nd St., Seymour, Ind., says: "I was troubled with severe nervousness and sleeplessness. I heard of Dr. A. W. Chase's Nerve Pills and thought I would try them. I got a box of the pills at A. J. Pellens drug store and after taking part of the box I can say the results were quite satisfactory. I think the pills a splendid nerve tonic."

Dr. A. W. Chase's Nerve Pills are sold at 50 c. a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature A. W. Chase, M. D. are on every package.

J. W. Cunningham and wife, who have spent the past week at Martinsville returned to their home at Brownstown today.

"A neighbor ran with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond home by my regular physician, who stands high in his profession. After administering three doses of it, my son regained consciousness and recovered entirely within twenty-four hours" says Mrs. Mary Haller, of Mt. Crawford, Va. This Remedy is for sale by C. W. Milhous.

LEWIS & LEWIS, ATTORNEYS
